

LOCAL INTELLIGENCE.  
WEDNESDAY, July 9, 1884.  
N. W. Advertiser.  
Nomination for Coroner.  
Sealed Proposals—J. R. Harvey, Chairman.  
Committee Meeting—T. W. Woodward, Chairman.  
Lost—J. S. Reynolds.  
Nomination for Representative.  
School Meeting—J. C. Caldwell, Chairman Board Trustees.  
Local Briefs.  
The Sheriff says that he moves that the "nominations do now close."  
The Skating Rink is quite a popular place of resort nowadays.  
Mrs. John D. McCarty has arrived in New York on her way home from Ireland. She expects to be in Winnsboro in the course of a week.  
The United States Senate has confirmed the appointment of our young friend, Mr. D. D. Galliard, as second lieutenant in the Corps of Engineers.  
We have two Osborn Reapers on hand, which we will sell cheaper than any other reaper in the market.  
May 24—R. J. McCarty & Co.  
Mr. J. R. Boyle leaves for Wall-halla to-day to make arrangements for the meeting of the survivors of the Twelfth Regiment in that place in August.  
The young ladies and gentlemen who have the plan in charge propose beginning rehearsals in "Virginia" next week. It will doubtless be in the neighborhood of two months before it will be given to the public.  
Is the reading-room dead? Some time since a notice was given through these columns of a proposed meeting of its members, but we have heard nothing from it. The subscription to the magazines and the periodicals are about out.  
The called meeting of the County Executive Committee for next Saturday, the 12th inst., is most urgent, and it is earnestly hoped that there will be a full attendance of the members.  
It was erroneously announced in the last issue of the weekly NEWS AND HERALD that there would be a picnic at Wallaceville, in this county, on Saturday, the 6th inst. We should have said on Saturday, the 26th inst. Candidates are cordially invited to be present. Dinner will be furnished at reasonable rates.  
Call at the office of R. J. McCarty & Co. and leave your order for the Waynesboro "Eclipse" Grain Separator, the best grain sower in the market.  
The County Board of Equalization was in session during Tuesday and Wednesday of this week. There was a full representation of the various township boards, and the work was dispatched both with care and rapidity. Representative men from the various sections of the county constitute the Board of Equalization.  
PERSONAL.—Mr. J. F. Brown, formerly of Winnsboro, is now on a visit to his relatives in town.  
Messrs. M. W. Doty and Holbrook Rion are both home from school for the summer.  
Mr. P. J. Rucker, of Columbia, spent a few days in Winnsboro, visiting friends.  
Mrs. J. H. Peoples and two daughters, of Columbia, Tenn., are visiting friends and relatives in Winnsboro.  
PERSONAL.—W. B. McCaw, Esq., of the Yorkville bar, J. M. McMaster, Esq., of the Columbia bar, and F. P. McGowan, Esq., of the Laurens bar, were in town on Wednesday, on professional business.  
Mrs. T. H. Ketchin and Mrs. Saml. Cathart left Winnsboro on the north-bound train for New York city, to see Mrs. Shaw, of this place, who is now very sick in that city. Mrs. Shaw has been very unwell since her departure from here some weeks ago. We hope to hear of her entire recovery at an early day.  
THE RAIN AND THE CROPS.—Now that the rain fall for a "little season" is apparently over, it becomes interesting to inquire what damage has resulted to the farming interests of the county, and what are the present condition of the crops in consequence. Reports come from almost every section of the county that grain in the fields is very badly injured, and that the young corn on the lowlands has been, by the freshets, in places literally ruined, and all of it very seriously damaged by the overflow. Another result of the three weeks of rain is that the cotton is all weed, and as yet very poorly fruited, and the farmers everywhere are fearfully behind with their crops, and grass, rank and tall, seems to have taken the country. If the good weather continues, however, much progress in crop working will be made during the present week, and good crops may yet be made in this portion of the State.  
THE PLUME DRILL AND BALL.—On last Thursday evening almost every man, woman and child in Winnsboro gathered in the Thespian Hall to witness the drill of the members of the Gordon Light Infantry for the plume, and a very large proportion of the assemblage was there in tact for the ball also. Before nine o'clock, and this is early in the summer season, every seat in the hall was occupied, and after just a little waiting and less grumbling the prize drill began, and squad No. 1 and then No. 2 were put through the manual of arms. It was not long before the squads were thinned out, and after awhile they were thrown together and the contest, as the numbers decreased, grew more exciting. Before the hour appointed for the ball the contest was over, and the judges had awarded the plume to Sergeant J. H. Harden. The march composed of prize was presented by J. M. McMaster, Esq., a promising young member of the Columbia bar. Mr. McMaster's speech in the presentation of the plume was appropriate and to the point. He congratulated the Company

upon its past enviable record and the excellent drilling of the evening. Shortly before eleven o'clock the hall floor was emptied of its seats and the ball was commenced with the usual ceremonies. The ladies were all beautifully and tastefully attired, but minute description on this occasion is impossible. The dancing continued until late in the morning. The music was not at all good, but every one seemed happy enough to excuse this only bad feature of the evening's entertainment. The admission fee was twenty-five cents, and from the door receipts fifty dollars were realized, and a considerable amount from ice cream and other refreshments sold by the ladies. The money from both of these sources will be given to the Ladies' Monumental Association.  
MOSSY DALE.  
The Closing Exercises of a Very Flourishing School—Pleasant Attractions—A Hospitable People.  
We were glad to be able to attend the closing exercises of the Mossy Dale Academy in the southern portion of the county, and to meet and talk with the kind people of that community. Friday, the 4th of July, was the day appointed for these interesting exercises, and all the elements seemed to smile approvingly upon the gathered crowd of teacher and pupils and fathers and mothers.  
By eleven o'clock, in company with the school commissioner, we arrived upon the grounds and found the examination in progress. We listened with much interest and with some degree of wonder at the great proficiency of the different classes in the various branches. The examinations were continued for several hours and the interest of the audience never flagged throughout the ordeal.  
Mr. Thos. E. Bell now has charge of this very flourishing school, and the examinations on the 4th proved Mr. Bell to be a thorough, active and highly competent instructor. To test the progress of the older pupils in reading a number of excellent compositions were read by young ladies and gentlemen upon the conclusion of the examination.  
The following is the programme:  
"Incentives to Culture"—Mr. A. A. McCain.  
"True Piety and Modesty"—Miss Pet Perry.  
"Kindness"—Miss Phemie Perry.  
"A Good Cause Makes a Stout Heart"—Miss Catharine Cummings.  
"Friendship"—Miss Hattie Lettner.  
"Saturday Night"—Miss Clara Chapell.  
"Does it Matter who Educates a Child?"—Miss Edna Ligon.  
All of the essays were excellent—thought good and language dainty. This part of the programme over, addresses were made by Dr. John Boyd and C. A. Douglass, Esq. About two o'clock a splendid and very tempting dinner was spread in the grove near the spring, which is convenient to the Academy building. We enjoyed the repast as did every one. The people of the Mossy Dale community are kind and hospitable indeed, and no one can go in that section of the county without seeing and appreciating it.  
COMMENCEMENT AT ERSKINE.  
The Celebration of the Literary Societies—The Contest in Essay-Writing and Oratory—The Graduation Oration—Baccalaureate—The Anniversary and Alumni Addresses.  
Messrs. Editors: It was the writer's pleasant privilege to be present at the opening exercises of commencement in this well known institution. It was a wise selection when the graduating classes elected the Rev. J. T. Chalmers to deliver the Baccalaureate sermon. Long before the appointed hour a large and expectant crowd had assembled in Lindsay Hall to gather instructions from the chosen words of this eminent divine. It was well, for part of the crowd at least, that the exercises were held in Lindsay Hall, as the church could not have seated the audience. After the rendition of a beautiful anthem by the choir, Mr. Chalmers read the 15th chapter of Luke, and invited the attention of his audience to some well prepared thoughts, founded on Col. ii. 10: "And ye are complete in Him, which is the head of all principality and power." Man, fresh from his Creator, was complete, but he had fallen—sin had touched the instrument; only discords are heard. There is something in man of which the counterpart is in heaven. For one hour he held the undivided attention of his audience, and revealed to them the glorious plan of salvation. With a tongue almost inspired he spoke of a complete Christ and our completion in Him.  
SUPERMAN CELEBRATION.  
One of the most entertaining exercises of commencement was the anniversary celebration of the two literary societies, which took place on Monday night. In the Euphemian Hall a large and appreciative audience had assembled to witness the presentation of diplomas to the graduates. After a few words of welcome from the president, Mr. M. B. Grier, the programme was taken up and carried out in full. The query, "Should South Carolina have a Divorce Law?" was ably contested by two members of the senior class, Mr. J. F. Pharr, of Atlanta, Ga., represented the affirmative, and Mr. T. B. Stuart, of Anderson, S. C., the negative. After consultation, the committee decided in favor of the negative.  
The presentation of diplomas to the graduates then followed. Mr. S. P. McElroy of the junior class performed this duty with grace and dignity, and was replied to in behalf of the senior class by Mr. T. H. White, who spoke of the benefits of a literary society to young men entering upon life.  
The most important part of the entertainment to the members of the Society was reserved for the last—the presentation of medals to the successful competitors in the different classes. After a well prepared address, Mr. C. P. Presley, of the Augusta bar, proceeded to deliver the medals. The following persons were awarded medals for excellence in the different departments: M. B. Grier, best essayist in the junior class; honorable mention, S. P. McElroy, H. T. Morrison, best debater in sophomore class; honorable mention, R. G. Peoples and

J. W. T. Sloan. J. R. Edwards, best declaimer in the freshman class; honorable mention, J. R. Mills and W. C. McGee. C. A. Glegghorn, general excellence in the preparatory department. With this programme closed one of the most enjoyable exercises ever given by the Euphemian Society.  
PHILANTHROPIC CELEBRATION.  
While the above exercises were in progress in the Euphemian Hall a no less appreciative and more numerous assembly in the spacious hall of the Philanthropic Society to witness a similar celebration.  
The Philanthropes had chosen as their presiding officer F. I. Osborne, Esq., of the Charlotte bar, a young man of prominence, who presided with ease and dignity. He opened the exercises by some appropriate remarks from the pages of history that it was only by continued perseverance in that most manly and noble pursuit, that the prize system in schools and colleges is, in its general results, an evil, was ably discussed by two members of the junior class, Mr. T. G. Boyce, of North Carolina, represented the affirmative, and Mr. H. Brice the negative. The president gave his decision in favor of the negative.  
Mr. W. S. Castles of the junior class had been chosen by the Society to present the diplomas on next Saturday, the 12th inst., at eleven o'clock sharp. After having spoken of good nature as an element of success in life the speaker presented the graduates with their diplomas, telling them that the Society would watch their future career, and that in honoring themselves they would honor her. Mr. P. L. Grier replied in a well written address, expressing the thanks of his class for the highest honor which the Society is capable of conferring upon her members.  
The Society had chosen as her medal orator Mr. C. A. Douglass, of Winnsboro, and alumnus of the Society. Mr. Douglass took as his subject, "Young men—their responsibilities." He was happy in his selection, for few young men could have presented the Society in a better way the responsibilities of the rising generation. It was the unanimous opinion of the audience that the Society had shown wisdom in her choice of a medal orator. We congratulate the members on their selection. May the many names who sit with us bring to the Society the same wisdom and responsibility of life as her medal orator of 1884. The awards were given as follows: Preparatory Department—general excellence, gold medal, W. A. Calvert. Freshman Class—best declaimer, J. B. Cochran. Sophomore Class—gold medal, C. A. Glegghorn. Junior Class—gold shield, T. G. Boyce. With this exercise closed another celebration of the Philanthropic Literary Society.  
Tuesday evening was set apart for the contests in oratory and essay reading between the two societies, and owing to the inclemency of the weather they had to be postponed.  
Notwithstanding the inclemency of the weather on the previous evening Wednesday was bright and clear, and long before the hour for the exercises the hall was filled to overflowing by one of the most intelligent and brilliant audiences we have ever seen assembled on Commencement Day. The exercises were opened by prayer by the Rev. W. T. Matthews, and then Dr. Grier stated that the oratory orations which were to be given, but that the essays of the juniors would be read in the afternoon. The exercises were then continued according to the programme:  
The Code of Honor—P. L. Grier. Due West, S. C.  
Supremacy of the Moral Force—J. T. Henry, Chester, S. C.  
Gladstone—B. M. Miller, Camden, Alabama.  
The Modern World to Francis Bacon, De Witt, T. B. Stuart, Anderson, S. C.  
Truth Crushed to the Earth Will Rise Again—J. F. Pharr, Atlanta, Ga.  
True Manhood—E. B. Stridling, Westminster, S. C.  
Unheralded Greatness—T. H. White, Chester, S. C.  
The first five were contestants for the medal in oratory, given by a friend of the institution.  
The president then proceeded to deliver his Baccalaureate. The reputation of Dr. Grier is too well known for me to add anything to its praise. He spoke of the ministry of Christian scholarship. First, it was conservative; it finds in history many lessons, and it has preserved all that is important in the records of the past. There are principles and as we proceed to the future, and as we hand to you the inheritance of our losses, consecrated with tears and blood, we implore you to hold fast to them. Next, he spoke of it as progressive, battling against difficulties, its direction is onward. Lastly, it is philanthropic; it seeks the weak, and its characteristic is love. Let it stimulate you to deeds of love, honor and good report.  
AFTERNOON.  
The contest between two members of the junior class, one from each society, was the first thing on the programme in the afternoon. After a choice piece of music from the Cornet Band, the contestants presented themselves.  
The Voice from the Nineteenth Century—J. G. Boyce, Charlotte, N. C.  
The Literary Brilliance of the Elizabethan Period—M. B. Grier, Due West, S. C.  
These essays were well written and did credit to the societies which had trained them.  
The crowning event of the occasion was yet to come—the anniversary oration by the Rev. A. C. Smith, of Columbia, S. C. Mr. Smith is too well known in this place for me to give even a brief summary of his address and do him justice. With a power of oratory possessed by few men, and a gift of the pen unequalled by any man in the State, he held the undivided attention of his audience during the whole exercise. Few men have ever filled the position so ably. All true success, said the speaker, has been achieved, and is not dispensed by chance. He deserves to be successful who has a mission. No matter what that mission be, if he pursues it faithfully he cannot and will not fail. Failure is a crime, success a virtue. The power to work is the greatest success; success represents toil and perseverance. Labor is the best of all endowments, and upon it depends all success. With faith in our destiny, in our mission and in God, with true effort held up by this faith we may yet reach that high destiny to which as individuals and nations we are called.  
Space forbids us giving more than the briefest summary of this excellent address. The commencement exercises of Erskine College closed with the most excellent address before the Alumni Association by the Rev. D. C. Caldwell, of North Carolina.

His Slippery Glass Eye.  
"The Squire," says the author of "The Hossier Schoolmaster," "wore one glass eye and a wig. The glass eye was constantly slipping out of focus, and the wig turning around sideways on his head whenever he addressed the people of the Flat Creek District. The most conspicuous feature of his appearance was his hair. His hair was preserved and promoted the growth of the natural hair. It also restores the natural color to hair which has become gray. Clean, elegant, beneficial, highly perfumed."

TUTT'S PILLS.  
TORTID BOWELS, DISORDERED LIVER, and MALARIA.  
From these sources arise three-fourths of the diseases of the human race. The symptoms indicate their existence: Loss of Appetite, Bowels constipated, Sick Headache, Bloating after meals, Indigestion, or a feeling of having neglected some duty, Dizziness, Flushing at the Head, Bores before the eyes, Highly colored urine, CONSTIPATION, and a general sense of the system. "TUTT'S PILLS" have no equal. Their action on the Kidneys and Skin is also prompt; removing all impurities through the "seawater" of the system, producing appetite, sound digestion, regular stools, a clear skin and a vigorous body. "TUTT'S PILLS" cause no nausea or griping nor interfere with daily work and are a perfect ANTIDOTE TO MALARIA.  
HE FEELS LIKE A NEW MAN.  
"I have had Dyspepsia, with Constipation, for two years, and have tried every kind of pills, and TUTT'S are the first that have done me any good. My appetite is splendid, food digests readily, and I now have natural passions. I feel like a new man."

SALE AND FEED STABLES.  
I have no fault to find with my machine, and don't want any better. I have made the price of it several times over by taking in sewing. It is always ready to do my work. I think it a first-class machine. I feel I can't say too much for the Davis Vertical Feed Machine.  
Mrs. THOMAS SMITH, Fairfield county, April, 1883.  
This is to certify that I have been using a Davis Vertical Feed Sewing Machine for over two years, purchased of Mr. J. O. Boag. I haven't found it possessed of any fault—all the attachments are so simple. It never refuses to work, and is certainly the lightest running in the market. I consider it a first class machine.  
Very respectfully,  
MINNIE M. WILLIAMS, Oakland, Fairfield county, S. C.  
Mrs. Boag: I am well pleased in every particular with the Davis Machine bought of you. I think it a first-class machine in every respect. You know you sold several machines of the same make to different members of our families, all of whom, as far as I know, are well pleased with them.  
Respectfully,  
Mrs. M. H. MORLEY, Fairfield county, April, 1883.  
This is to certify we have had in constant use the Davis Machine bought of you about three years ago. As we take in work, and have made the price of it several times over, and don't want any better machine. It is always ready to do any kind of work we have to do. No puckering or skipping stitches. We can only say we are well pleased, and wish no better machine.  
CATHERINE WILKES and Sister, April 25, 1883.  
I have no fault to find with my machine, and don't want any better. I have made the price of it several times over by taking in sewing. It is always ready to do my work. I think it a first-class machine. I feel I can't say too much for the Davis Vertical Feed Machine.  
Mrs. THOMAS SMITH, Fairfield county, April, 1883.  
Mrs. J. O. Boag—Dear Sir: It gives me much pleasure to testify to the merits of the Davis Vertical Feed Sewing Machine. The machine I got of you about five years ago has been almost in constant use ever since that time. I cannot see that it is worn any, and has cost me one cent for repairs since we have had it. Am I pleased and don't wish for any better. Yours truly, ROBERT CRAWFORD, Granite Quarry, near Winnsboro, S. C.  
We have used the Davis Vertical Feed Sewing Machine for the last five years. We would not have any other make at any price. The machine has given us unbounded satisfaction. Very respectfully,  
Mrs. W. E. THOMAS and Daughters, Fairfield county, S. C., Jan. 27, 1883.  
Having bought a Davis Vertical Feed Sewing Machine from you about four years ago, and it having given me perfect satisfaction in every respect as a family machine, both in heavy and light sewing, and never needed the least repair in any way, I can heartily recommend it to any one as a first-class machine in every particular, and think it second to none. It is one of the simplest machines made; my children use it with all ease. The attachments are more easily adjusted than in any other range of work by means of its Vertical Feed than any other machine I have ever seen or used.  
Mrs. THOMAS OWENS, Winnsboro, Fairfield county, S. C.  
We have had one of the Davis Machines about four years and have always found it ready to do all kinds of work we have had occasion to do. Can't see that the machine is worn any, and wish no better when new. Mrs. W. J. CRAWFORD, Jackson Creek, Fairfield county, S. C.  
My wife is highly pleased with the Davis Machine bought of you. She would not take double what she gave for it. The machine does all the work we need for it, and she can do any kind of work on it.  
Very respectfully,  
Jas. E. FARMER, Monticello, Fairfield county, S. C.  
The Davis Sewing Machine is simply perfect. Mrs. L. S. GONZALES, Ridgeway, N. C., Jan. 10, 1883.  
J. O. Boag, Esq., Agent—Dear Sir: My wife has been using a Davis Sewing Machine constantly for the past four years, and it has never needed any repairs, and works as well as when first bought. She says it will do a greater range of practical work and do it easier and better than any kind of sewing machine she has ever used. We cheerfully recommend it as a No. 1 family machine.  
Yours truly, Mrs. ROBERT C. DAVIS, Winnsboro, S. C., Jan. 8, 1883.  
Mrs. Boag—I have always found my Davis machine ready to do all kinds of work I have had occasion to do. I cannot see that the machine is worn a particle, and it works as well as when new. Respectfully, Mrs. ROBERT C. GONZALES, Winnsboro, S. C., April, 1883.  
Mrs. Boag—My wife has been constantly using the Davis machine bought of you about five years ago. I have never regretted buying it, as it is always ready for any kind of family sewing, either heavy or light. It is never out of order or needing repair.  
Very respectfully, Mrs. A. W. LAMM, Fairview, S. C., March 1883.

50 Years. I have known and watched the use of Swift's specific for over 50 years. I have seen it cure blood poisoning, heart disease, a failure to cure blood poisoning when properly used, as did also a number of my neighbors, and in every case that came within my knowledge it effected a cure. In no case did it fail to cure. It is a certain and reliable remedy that would so successfully accomplish what it is recommended to do.  
H. L. DENARD, Perry, Ga.  
I have known and used Swift's Specific for more than twenty years, and have seen more wonderful results from it than from any remedy in or out of the Pharmacopoeia. It is a certain and reliable antidote to all sorts of blood poisoning.  
J. JACKSON SMITH, N. Y. Atlanta, Ga.  
WHAT DRUGGISTS SAY. Who have seen the Effects of Severe Tests? Have given better satisfaction than any remedy for blood diseases we have ever handled. SCHILLER & STEVENSON, Washington, D. C.  
Many physicians have endorsed S. S. S. as a specific for blood diseases, as follows: Dr. J. M. MANFIELD & CO., Memphis, Tenn. Have seen S. S. S. stop the hemorrhage from the lungs in a very short time. Wonderful effects in all skin or blood diseases.  
W. H. PATTERSON, Dallas, Texas.  
We do not hesitate to say that for a year past we have sold more of Swift's Specific (S. S. S.) than all other remedies. One gentleman who used half a dozen bottles says that it has cured him of blood poisoning, and that he has not had a relapse since. Another gentleman who used it says it cured him of blood poisoning, and that he has not had a relapse since. VAN SHAAC, STEVENSON & CO., Chicago.
